Charging another rite of passage to the musicians is to have a song at the top of the 40th radio table. The Nielsen data analysis company accompanies what people are listening every week in 19 different countries and compiles the information for the Billboard music tables. Mainstream Top 40The 40 main only ones are pulled by the HOT 100 list published weekly by Billboard magazine. There is a series of factors that determine whether a song is part of the top 40's list. They include: Sales: Nielsen accompanies all sales of fansical and digital discs of 19 different countries, including the United States and Canada. This includes locations, mass traders, retail chains, independent shops and digital downloads. MUSIC STREAMING: The number of emissions in online radio stations such as Pandora, Spotify, Apple Music, Yahoo Music and AOL Music are counted for the total number of emissions. Playing a musical video on YouTube also counts as a song reproduction. Rádio: When a song becomes popular enough to be captured by the radio stations, you can earn a lot of tracing and gain a place in Billboard Hot 100. The Billboard Hot 100 is published weekly by Billboard magazine. It's a list of the 100 most popular songs in the US Billboard also accompanies if a song is higher or lower in the tables every week, its peak position and your Total weeks in the table. You can see the music video and hear almost all songs directly on the Billboard website. In addition to Hot 100, Billboard also follows Billboard 200 and Artists 100. It can also see the best music played in the radio, the best music in streaming, the best sales of digital songs And the best elevations of the year.Hot 200 Albums Charto Hot 200 Albums Chart accompanies the best selling alks of the week. Often, the artist with the best-selling album is different from the artist with the best selling single at Billboard Hot 100. Hot 200 Albums © launched every Friday, which is© also the date of global release for most new albums. To track sales and streaming, the Hot 200 Albums Albums the schedule © deferred by a few days to cover a full sales week. For example, if the 27 in January, the total number of listeners is from 12 through January to 18th in January, the accompanying week, sales and Streaming. Over the past few years, a udio streaming services and video on request have set maximum records for streams. The consumption of music is high, but sales of music are low. The largest AM/FM radio in the world © Heartradio. The rhodium is still © the most popular way to consume music. In order for an artist to do the Top 40, he o r she needs to have high-volume r a dio parts. Nielsen monitors r a dio stations throughout the country and measures the songs that a r e being played. This information helps Billboard follow the best songs in the country. MORE QUESTIONSANSWERED.
