Spider man miles morales comic reading order

Peter Parker, a science enthusiast, was bitten by a radioactive spider during a science exhibit. This accident granted him extraordinary abilities, including superhuman strength, agility, wall-crawling capabilities, and the power to fire adhesive webbing from wrist-mounted barrels. However, Peter's failure to act when faced with an opportunity to stop an escaping thief ultimately led to his uncle's tragic death. This incident serves as a poignant reminder that "with great power comes great responsibility." First appearance in *Amazing Fantasy* #15 (1962), this iconic character has since become synonymous with Spider-Man. Here's a list of notable issues from the *Amazing Spider-Man* comic book series, highlighting significant characters and plot points. Issues 42-46 introduce Shocker as a new villain, while issue 47 marks another milestone with the introduction of Kingpin. Morbius, the Living Vampire makes his debut in issue 101. The Punisher's first appearance is in issue 129. Issue 148 introduces Scarlet Spider, and issue 238 features the Hobgoblin's debut. Finally, the Symbiote is introduced in issues 251-252. This text lists various comic book issues related to Spider-Man, including multiple volumes of "Amazing Spider-Man," as well as other series such as "Peter Parker, The Spectacular Spider-Man" and "Spider-Man 2099."
