Sun Gro Horticulture is one of the most prominent North American horticultural companies, employing over 800 staff and serving customers worldwide. Since its humble beginnings in 1929, it has become the leading supplier of soilless growing mixes to North America's top 100 greenhouse and nursery growers, shipping over 70,000 truckloads of product annually. Sun Gro products are made to exacting standards and conform to high product quality and performance criteria. Developed by professional horticulturists and produced under the industry's highest quality standards, we offer over 100 professional products under the Sunshine, Metro-Mix, Pelemix, Black Bear and Technigro brands. Recommended where high air capacity and fast drainage are needed, Sunshine Mix #4 is ideal for growing crops during winter. The most versatile and popular professional mix we offer, Sunshine Mix #1 is recommended for the production of a wide range of plants. Sunshine Peat Moss Grower Grade Green is a screened, short fiber professional peat moss recommended for any situation when a fine peat moss is needed. Sun Gro offers several IGC-oriented brands, which are held to the high industry standards of its professional lines. These include well-known industry names like Black Gold, Fafard and Sunshine retail lines. Each brand has a distinct set of characteristics that sets it apart from the rest; among them you will find a wide array of potting and specialty mixes and garden amendments.
