It also means finding an editor and then marketing your book. If you always wanted to be an author, here are some tips on how to get: Write about something interesting. And if it is not interesting, write in a way that makes it interesting. In fact with whom you are writing. Knowing your Public will help you find out what to write and how to write. I imagine, write and write a little more. It is the only way surfing to become an author. If the thought of writing an entire book is scary, break the manageable pieces. You do not need to write the entire book on a seated, on a month or even in a year. LPARÉ to revise your work. Read your writing aloud to make sure you sound the way you want it. Correct and then LIVE it again. When you finish, give the book to six of your peers to read and review. You think to be honest. They may have ethical insights and suggestions. Do not be surprised if you have to do a lot of rewriting when you finish [Source: Inc.]. After writing your book, you will need to find an editor. If accustomed to being rejected. Will happen. But remember, all "do not" bring you a step closer to a "yes". After finding an editor, real work begins. Here's how to market your book: Talk to the Advertising Department in your publisher. Get their ideas based on the type of book you are trying to sell.set a website and write a blog.ask your friends to tell your friends about your book and make sure you advance fall and comment Rivers of your book is published in Amazon .com.plan the Tour Book. You must edit the selection that you plan to read aloud so he has the maximum effect on the listener.get there and be seen and heard for about a year, starting two months before Publication. Do not expect your first book to be a bestseller [source: Germano]. Phuong Luong Sonya Walter K. Booker Raianka R. Dorsainvil Brian Thompson Nandita Das Amy C. Robastiott Rachel J.
