Gnostic writings offer surprising perspectives both on Christian and non-Christian thinking. For example, some gnostic texts suggest that God is celebrated as a mother and father, and that self-knowledge is the supreme way to the divine. Only in the last fifty years has it become clear how the Gnostic influence spreads in ancient and medieval religions, and as a wonderful body of scriptures produced. The selections collected here, in poetic, legible translation, represent Hebrew, Christian, hermetic, mandae, masques, Islamic and cathar of gnostic spirituality. Their regions of origin include Egypt, the Greek-Roman world, the Middle East, Syria, Iraq, China and France. Introductions, notes, a broad glossary, and a wealth of suggestions for further readings are also included. Authors: Willis Barnstone, Marvin W. Meyer Categories: Religion Type: LIBRO - Published: 2005-07 - Publisher: Shambhala Publications The BIBLE GNOSTIC is by far the most complete collection of gnostic texts ever published - and the first face to make the texts in poetic, readable prose. The Gnostics were religious thinkers engaged in the search for wisdom and knowledge, and proclaimed a salvation to be found through mystical knowledge and intuition. As the Gospel of Thomas says, "You know what is before your face and what is hidden from you will be revealed. There is nothing hidden from you that will not be revealed." Dating from the first to the thirteen centuries, these gnostic texts represent the forms of Jewish, Christian, hematic, mandaine, maniaca, Islamic and catara spirituality, and come from Egypt, the Greek-Roman world, the Middle East, Syria, Iraq, China,France and other countries. These are these.show that gnosticism was a religion of the world that sought truth in a wide range of religious traditions and expressed those truths in powerful and provocative mystical and prose poetry. the impact of gnosticism on other religions of the world was remarkable, and the influence of gnosticism continues until today. this volume represents the first time a collection so diverse of Gnostic texts is published in an author: alan jacobs categories: religion type: book - published: 2016-11-15 - publisher: watkins average limited this collection of eye opening texts sheds light on the esoteric knowledge of gnosticism, revealing intimate conversations between Jesus and his disciples in 1945, several gospels, hidden from the first century, were found in the Egyptian desert to hammad nag. this discovery caused a feeling as the scrolls revealed the mysteries of the Gnostics - a movement that emerged during the formative period of Christianity. gnosis, from the Greek, generally means "secret spiritual knowledge," was associated with renouncing the material world, and focusing on the attainment of the life of the holy spirit. many Christian sects derive from the esoteric knowledge of gnosticism. the Gospels selected here by alan jacobs reveal intimate conversations between Jesus and his disciples. the gospel of maria maddalena sheds light on her relationship with her favorite follower, while the gospel of tommas is composed of mini-parables of deep inner and symbolic meaning, many of which are not found in the new testament. wisdom in this inspiring collection of texts is entirely relevant to our life today, addressing the issues of good and evil, sin and suffering, and the way of salvation. authors: marvin w. meyer, james m. robinson Categories: religion type: book - published: 2010-09-14 - publisher: harper collins the nag hammadi scritture, edited by marvin meyer, ismore complete, updated, one-volume, in English language of the renownedof the gnostic manuscripts discovered in Egypt in 1945, which rivaled the Dead Sea Scrolls found meaning. It includes the Gospel of Thomas, the Gospel of Mary, and the Gospel of Judas recently discovered, as well as other Gnostic Gospels and sacred texts. This volume also includes introductory essays, notes, tables, glossary, index, etc. to help the reader understand the context and contemporary meaning of these texts that have shed new light on early Christianity and ancient thought. (The Pistis Sophia) The Apostles wrote what Jesus taught them during those eleven years, resulting in "The Pistis Sophia", the most important gnostic writing. Includes a large commentary by Samael Aun Weor. "The Pistis Sophia" is a sophisticated and deeply mystical teaching given by Jesus on Sophia's suffering while trying to ascend to the highest spiritual truth. This writing is remarkable for its deep mysticism, its clear reproach of non-ethical behavior, and its perspective on the spiritual role of women. After reading this text, it becomes very clear because the established religious powers attempted to destroy the Gnostics, but failed. The study of this teaching also inspires a reevaluation of how Christian Gospels have been interpreted for centuries. Speaking of this writing, commentary author Samael Aun Weor said, "The Hebrew Bible clearly connotes the Word of the Eternal. However, we, the Gnostics,also our very special Bible. I want to emphasize that this isPistis Sophia, whose original is in copto. It was found underground in Egypt, the land Authors: Marvin W. Muhammad Ali, the fellahin, discovered the sealed vase, feared it could contain a jinni, or a spirit, but he also heard of hidden treasures in such jars. He envied his fears and when he opened the vase, gold seemed to float in the air. At his disappointment, he was papyrus fragmenst. not gold, but for scholars from all over the world, he was priceless. Meyer then discusses the pre-Christian forms of wisdom that influenced what Christians believe today. Moreover, some texts by Nag Hammadi are attributed to Valentinus, a man almost become Pope, and whose refusal changed the church in meaningful ways. Text by text, Meyer traces the history and impact of this great discovery on the Church, up to our current beliefs and popular cultural charm with this secret knowledge officially suppressed on Jesus and his followers. followers. gnostic bible free download. gnostic bible pdf download
