Hello guys today I'll be Ranking Top Unravel English versions the opening from Tokyo Ghoul Anime plus a Hindi version as a bonus for Indian Otakus / Weebs . + Unravel Song free download Link Note that this Ranking is based on my personal choice and thinking . No 1 of Tokyo Ghoul Unravel English Top Versions +Unravel Song Free Download Unravel Song Free Download click here Lyrics Oh, hear me out Oh, hear me out here ... What's my reality ? Who am I supposed to be...? I need some clarity My soul is fading Fear's invading And I get on my knees But all that I can see Your laugh , my misery . I'm vanishing In a pool of tears I don't know what I fear... But this I know This I know for sure that These scars will never heal... FREEZE Unbreakable , I was before My sanity , I question more Stuck in a maze Can't fight NO MORE . Dissolving . I helplessly question my life ... It's meaning !? The anger building up Inside of me revealing ! I beg of you PLEASE! DON'T LOOK AT ME RIGHT NOW ... Cauz you won't find me . INSANITY is beckoning ! Try hard to run away Not scared of it , a part of it My world it turns to grey . So please, DON'T FORGET ! The one I was before. The one I am no more . The silence is So deafening ! The loneliness spreads into me ! Those happy days We laughed away Are flowing tears Lead me astray ! I try to run So far away ! My life's the price I'll HAVE to pay ! I can't escape I can't find my way !!. Unravell'd Ghoul ! Now that I'm a part of you I can't see an end to ... This nightmare I've dreamed up Will never end Will never stop Unbreakable , I was before Unshakeable, not anymore I'll be the one to end this NIGHTMARE ! Dissolving. I helplessly question my life ... it's meaning ?? The anger building up inside of me revealing I beg of you PLEASE ! Don't look at me right now ... Cauz you won't find me Insanity is beckoning Try hard to run away ! Not scared of it A part of it ! My world , it turns to grey Oh, tell me that I'll be in your memory ! Say you won't erase me ... ! Please don't forget me X4 I'll never be the same Now that I'm paralyzed... Residing in a world of DEAD This MONSTROUS PARADISE ! So please don't forget ... The one I was before. Oh , hear me out . Oh, hear me out.. What's my reality ? The monster I conceal . No. 2 of Tokyo Ghoul Unravel English Top Versions + Unravel Song Free Download Unravel Song Free Download click here Lyrics Oh, won't you tell me? Please just tell me. Explain how this should work. Well now who could it be, that lives inside of me? I'm broken, lying helpless, shattered Surrounded by the world And yet, you're smiling bright Completely blind to life My ruptured lungs; they were left this way For once, I'm out of breath. The truth I seek, never felt so bleak but, I maintain my depth Freeze I'm breakable; Unbreakable I'm shaking yet, Unshakable Until the day that you find me. I'll stand here, Existing and feeling wretched* existence Consuming life-force til I grow distant Don't bother searching for somebody like me. A fading no one. I don't want to hurt you, It's not my nature. A monster born from dusk to dawn can't be your saviour Remember the 'me', the way I used to be. As who I still should be. The isolation spreads and tears Those happy /days, pierce into me These lonely memories cease to care They spread throughout my history I'll never move I'll never lose I'll never move I'll never lose I'll never lose I'll never lose you. Unraveling the world At once, I start changing, Yet everything's remaining These lives I felt would join as one, They fade away before they've begun. I'm breakable; unbreakable I'm shaking yet, unshakable Until these hands "contaminate" you I'll stand here existing and feeling wretched existence Consuming life-force til I grow distant Don't bother searching for somebody like me. A fading no one. This lonely space, held into place by someone crazy Shall melt away like dawn to day as things get hazy So please think of me, the way I used to be. As who I really should be So don't forget me. You can't forget me You won't forget me Please don't forget me. With changing inside I'm completely paralyzed Remaining corrupt as I wish for paradise Remember the 'me', the way I used to be. Oh, won't you tell? Oh, please just tell... Well now who could it be, that lives inside of me? No. 3 of Tokyo Ghoul Unravel English Top Versions + Unravel Song Free Download Unravel Song Free Download click here Lyrics So, teach and tell me Teach and tell me The way these things work out Is someone else in me? Just waiting to break free? The world keeps twisting - still it's twisting without an end in sight You laugh and smile at me, but you don't see a thing I'm struggling just to breathe again Could this one be my last? Unravel me Please unravel my soul Make reality FREEZE I'm breakable, unbreakable I'm shakable, unshakable And finally it drives me mad Unravel this world around me just before it pulls me under But now at this rate I fear it's too late Give up your searching I don't want to be found Your gaze would haunt me I've thrown away reality and it has changed me I'm not the same, don't call my name Don't wanna hurt you But if you must see look through your memory That's where I will live on... This loneliness is infinite It's laughing at the innocent I can't tune out the memory I'm screaming out for mercy Unravel me Unravel me Unravel me Unravel me Unravel me Unravel my soul Unravel ghoul Inside I've been shaken, my sanity taken Our broken halves, they intertwine From once was yours and once was mine I'm breakable, unbreakable I'm shakable, unshakable I won't let you contaminate me Unravel this world around me just before it pulls me under But now at this rate I fear it's too late Give up your searching I don't want to be found Your gaze would haunt me I've fallen in a wicked trap But still, you reach for me So close your eyes and say goodbye, before I'm history But if you must see look through your memory Because that's where I'll live on So, don't forget me So, don't forget me So, don't forget me Please - don't forget me The changes inside were enough to paralyze I doubt I'll survive in this hellish paradise So, if you miss me look through your memory So, teach and tell... So, teach and tell... Is someone else in me? Just waiting to break free? Source Musixmatch No. 4 of Tokyo Ghoul Unravel English Top Versions + Unravel Song Free Download Unravel Song Free Download click here Lyrics Oh can you tell me ?...Can you tell me The way the story ends... A monster in my heart ... A ghost inside my chest... I'm broken down , the world around us Surrounds my suffering ... You smile and laugh at me... But you don't see a thing Damaged and broken as I am . I'm trying not to breathe Unraveled I'm , not Unraveled by the Truth I finally see (freeze) I'm breakable , unbreakable - I'm shakeable , unshakable Unraveling since I found you ... And now I'm... Turning to dust in a world that's twisted... Don't come searching when I go missing ... Close your eyes or just try to look away Don't want to hurt you ... We live in a world someone else imagined The ghost of what's left of me all but vanished remember my heart...how bright I used to shine... Entangled in the loneliness. The memory of innocence . It's stinging me , it's breaking me . The pain is spreading endlessly I cannot move. I close my eyes. I try to breathe. I realize- I'm paralyzed, I'm paralyzed *UNRAVEL THE WORLD* I'm not what I was then... Don't touch the infection... Entwined we will both die. So stay away, and stay alive ... I'm breakable , unbreakable- I'm shakeable , unshakeable Unraveling , I won't infect you ! And now I'm ... Turning to dust in a world that's twisted... Don't come searching when I go missing... Close your eyes or just try to look away... Don't want to hurt you ... We live in a world someone else imagined The ghost of what's left of me all but vanished Remember my heart ... how bright I used to shine . Oh, can you tell me ... X2 A monster in my heart... And now there's nothing left . Bonus Hindi Unravel Song Free download click here Lyrics Oshiete o Mujhse kehdo Na jobhi jaanu mai Batao kaun ho tum ?
