BlueStacks app player is the best platform (emulator) to play this Android game on your PC or Mac for an immersive gaming experience. Chances are you've heard this expression from the music world. But even if you don't, it makes total sense in this incredible title, in which all that matters is that you protect your base. In this case, your own bed. The stranger it sounds, let's be honest: nothing is more important than a person's bed! Play Bed Wars on PC and Mac with BlueStacks and use all the resources you can to destroy your opponent's bed before he does it with yours. On the contrary, all you did will have no meaning at all! Play alongside 15 other players divided into 4 teams, all born in 4 different islands. In the end, we are talking about a sandbox game, but with some pretty important differences, like the fact that even if you die, you can be reborn, as long as your bed is still out there, which, to be honest, is not as easy as it sounds. Do you have what it takes to make part of the last surviving team or are you going to simply give up your bed and loose from the beginning? Download Bed Wars on PC with BlueStacks and find out, as you explore different islands and try to prove your worth and value! Game Modes and Players of Bed Wars Bed Wars on PC has the following game modes: Solo: 8 players Doubles: 16 players 3v3v3v3: 12 players 4v4v4v4: 16 players 4v4: 8 players Dream Mode depends on the Dream Mode and which type you choose Gameplay of Bed Wars With your team, you begin by spawning on an island. You will gather and use iron and gold spawn on your islands to buy resources to assist in defending your bed and assault others. Building a bridge to the side islands would open you up to diamond spawners, and you would have access to emerald spawners by building a bridge to the middle island. As long as your bed isn't ruined, you and your friends will be respawning continuously. When your bed is ruined, you won't be able to recover anymore! It would be best if you protected your bed with blocks of different kinds to help keep it protected from attackers. Other teams will try to ruin your bed with blocks and traps to defend it! Your island has two shops. One is for you to use iron, gold, and emerald to buy yourself money. The other is where the diamonds can be used to purchase improvements for your squad. All beds will be demolished automatically at game end. Be alert, as during this time you will not be respawning! If two or more teams are still trying to stand several minutes after the beds have all been decimated, dragons are spawned into the game to help move things along.
